

Gloves

model description

Before choosing the right size, determine which marking corresponds to the width of your palm. To do this, take a measuring tape and wrap your palm with it. Do not grab your thumb while measuring, otherwise, you will get incorrect measurements.

Size 5 - 16 cm.
Size 6 - 17.5 cm.
Size 7 - 19 cm.
Size 8 - 22 cm.
Size 9 - 24 cm.
Size 10 - 27 cm.

These sizes are designed for a person of average build and hand shape.

European standard used.

IMPORTANT!

When sewing gloves, only stretch material should be used.
