Серединка капюшона

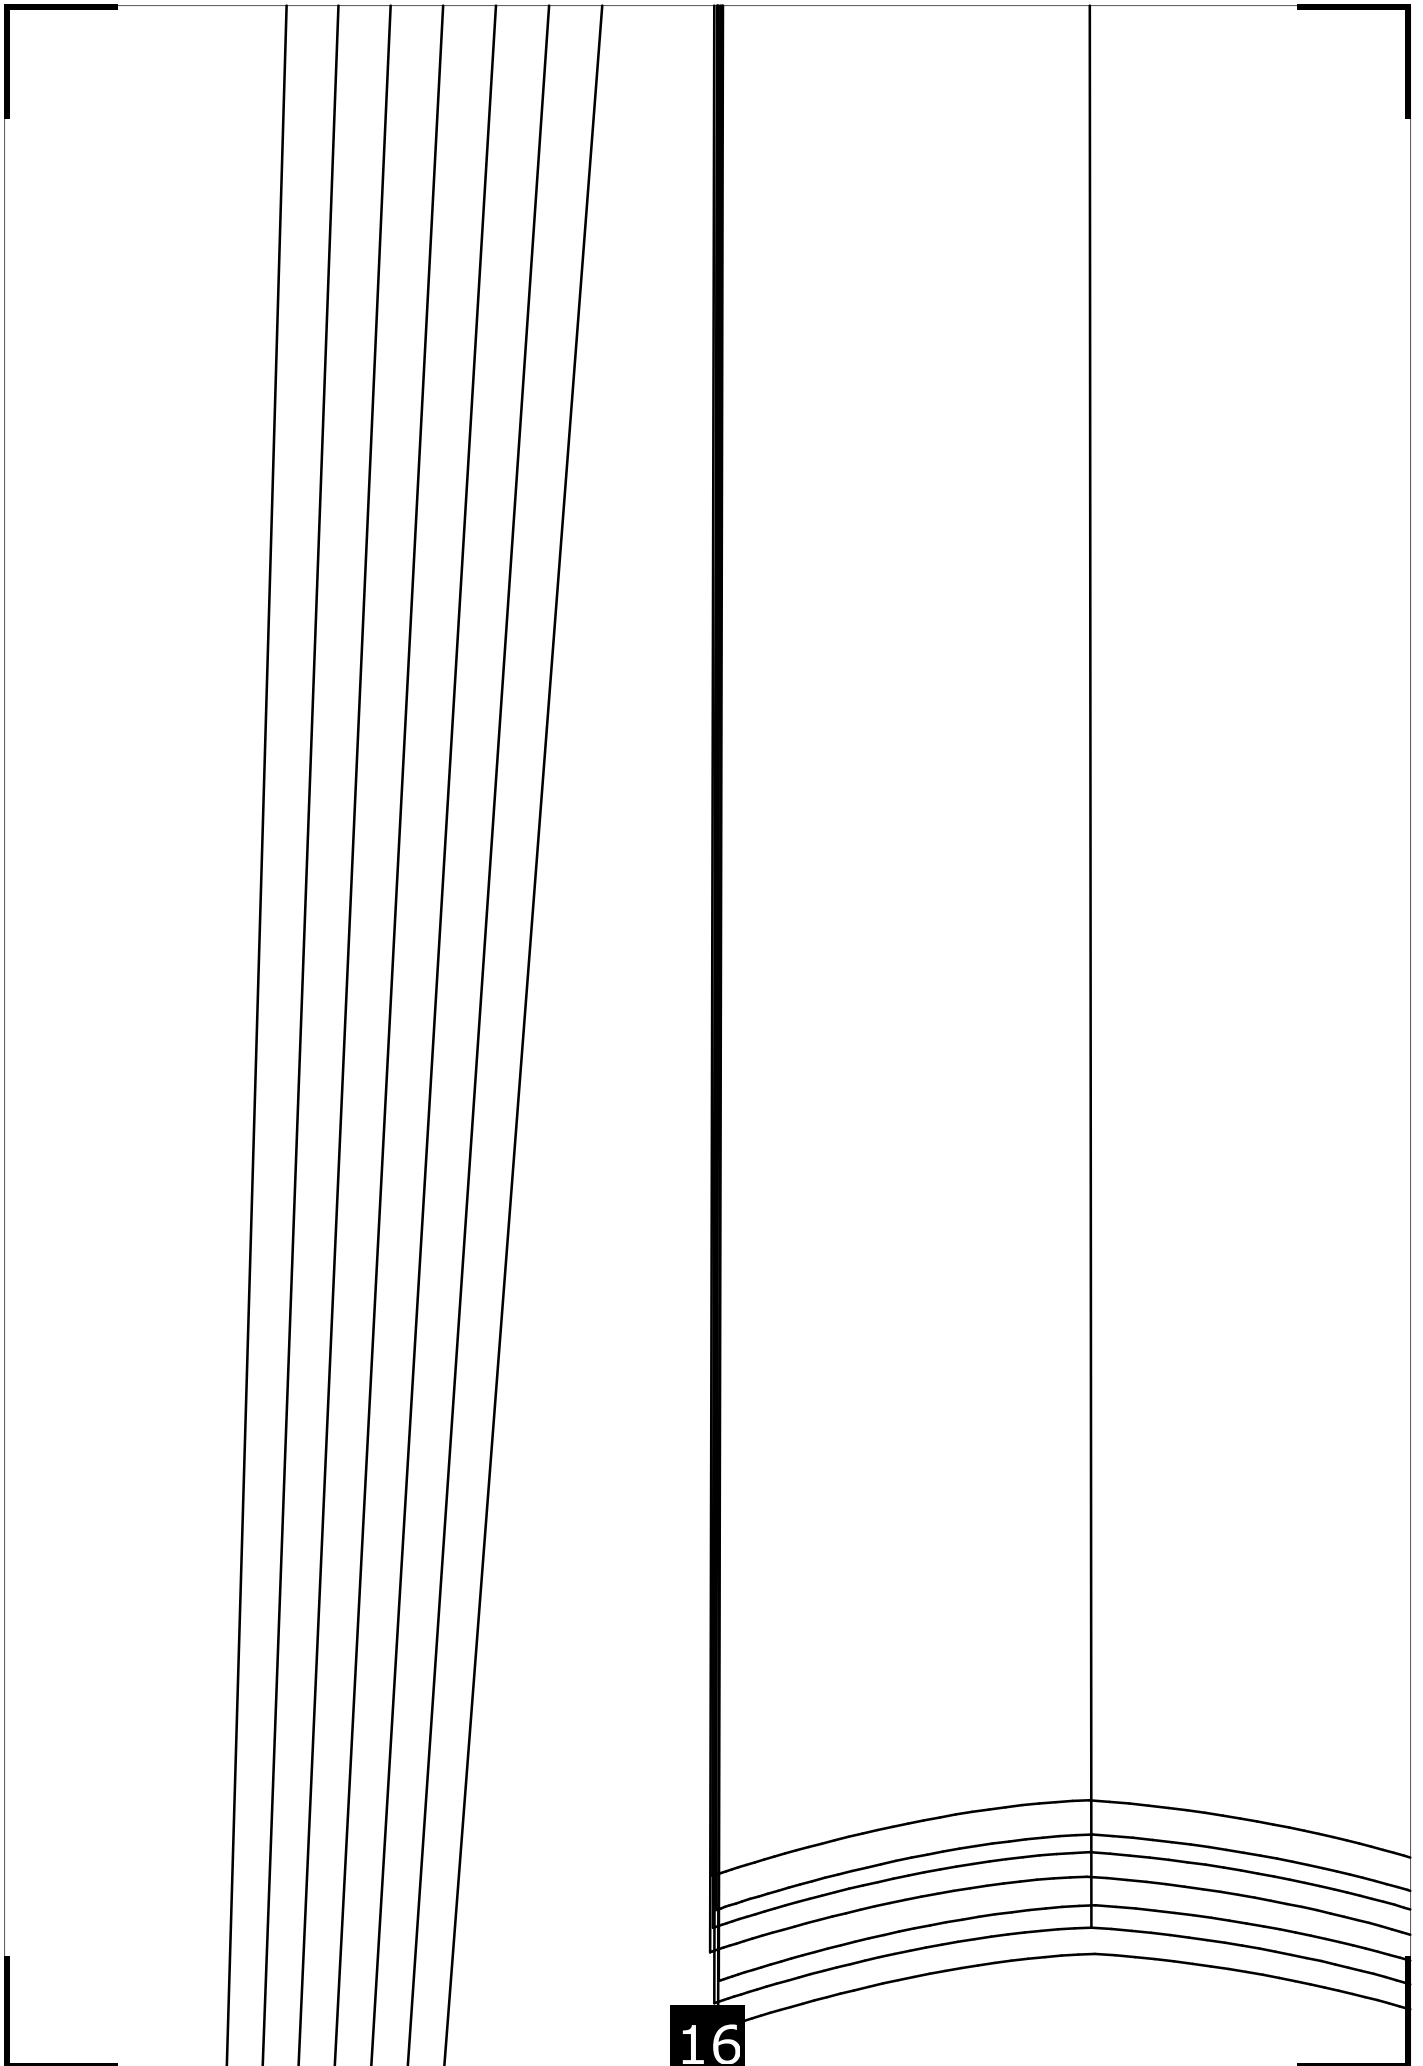

The image shows a technical drawing of the side part of a hood pattern. It consists of several parallel curved lines that start from the top right corner and curve downwards and to the left, ending near the bottom left corner. The lines are spaced evenly, representing different layers or pieces of fabric. The drawing is enclosed in a rectangular frame with a double-line border on the left side.

Боковая часть
капюшона

Technical drawing of a pocket mesh fabric. The drawing shows a rectangular pocket with a curved bottom edge. The pocket is defined by a thick black line on the left and a thin black line on the right. The interior of the pocket is filled with a mesh pattern, represented by a series of parallel lines. The text "МЕШКОВИНА кармана" is centered in the pocket. The number "17" is in a black box at the bottom center.

МЕШКОВИНА кармана
